Subject: Your voicemail

Hi Breean, thanks so much for the voicemail. I'll look for your email, but getting together in person or via videoconference sounds great to talk about the concerns/comments Ecology has and how we might work to address them. Thanks also for David's contact. I'm not sure if Mike Lidgard will want to call David after I get your email, but I'll pass it on to him in case he'd like to do that.

Thanks, and I'll give you a call or email back some dates that work to talk more. I figure it may be useful for Jill and others to be at that meeting as well.
